

48" Low Profile LED Surface Mount Light for Cooler/Freezer LED-440079

Dimensions shown in inches (mm) are for reference only and are subject to change.

Power Consumption: 65W

Current: 0.54 – 0.23 amps

Input Voltage: 120 - 277VAC

Frequency: 50/60Hz

Operating Temperature: -22°F to 104°F (-30°C to 40°C)

Color Temperature: Natural White - 5000K (±300K)

Color Rendering Index: ≥70

Beam Angle: ≥120°

Power Factor: ≥0.9

Shipping Weight: 8lbs

Warranty: 5 year complete fixture

Designed for Walk-in Refrigeration Applications

- Anti-moisture, corrosion resistant, suitable for cold storage.
- Operating temperature from -22°F to 104°F (-30°C to 40°C).
- Impact resistant, weather resistant, reinforced polycarbonate housing.
- IP-65 rated for damp and extreme environments.
- High light efficiency, long life LEDs.
- Narrow width (3.01in) and low height (2.95in) for easy installation.

Energy Efficient

- 50,000+ hours of rated life; long-term, stable work.
- Uses long lasting, energy efficient 2835 LEDs.

High Light Output

- Ribbed polycarbonate lens diffuses light evenly up to an angle of 120°.
- Lens designed for optimal light transmittance without glaring or spotting.
- A total of 360 natural white LEDs maintain light output of 7500 lumens.

Regulatory Compliance:

SPECIFICATIONS
